

VACTOR

Product Guide

MUNICIPAL

INDUSTRIAL

STORMWATER

intuitive. intelligent. innovative.

If you're looking for a combination sewer cleaner or water jetter that fits your needs and exceeds your expectations, Vactor Manufacturing has the solution. For over 40 years, Vactor has been the leader in building sewer cleaners with technological innovation, custom-configurable design and the finest quality.

Vactor's ModulFlex® design offers multiple configurations to handle any cleaning application with speed, thoroughness and agility. The Vactor sewer cleaning series delivers value and productivity by using components such as our exclusive Vactor Jet-Rodder® water pump with jack hammer action and multi-flow functionality, aluminum water tanks and telescoping/rotating hose reel and boom.

Every Vactor is engineered for efficient, low maintenance operation, and built with the highest-quality materials and workmanship for years of reliable service. In addition, Vactor's worldwide factory-trained dealer network ensures your complete satisfaction on delivery and down the road.

This guidebook will give you a brief overview of Vactor's sewer cleaning line. Please contact your local dealer for more detailed product and warranty information or to request a demonstration.

HOW DO YOU CHOOSE WHICH SEWER CLEANER IS RIGHT FOR YOU?

These specifications are meant to serve as a guide in helping you choose the vehicle that best fits your needs. Configurations with chassis, debris body, axle, water tank and water pump combinations are available. Please contact your Vactor dealer for more detailed information to use in machine bids or specifications.

COMBINATION SEWER CLEANER

From our industry-leading 2100i to our new iMPACT model, Vactor offers you proven high performance with an array of advanced features to simplify operation while improving productivity. Beyond high-flow vacuum and high-pressure water jetting, our models allow you to customize your machine to meet your unique needs and exceed your expectations.

SUPERIOR POWER AND PERFORMANCE GUARANTEED

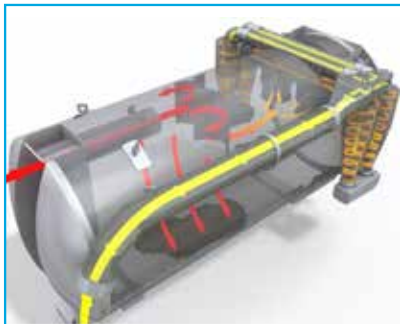

Vactor, a Federal Signal company, is the largest manufacturer of sewer cleaning equipment in the world. What sets us apart is our commitment to quality, innovative design, superior performance, operating ease, and strong customer support. Together with our international dealers and partners we provide you with the powerful support and personalized service you need to get the job done.

In all Vactor equipment models you will find rugged and innovative features that deliver the performance you need to handle your most demanding sewer cleaning tasks.

Jet Rodder® Single Piston Water Pump is a positive displacement, high-pressure, double acting, hydraulically operated, single piston pump specifically designed for sewer cleaning operations.

Our corrosion- and abrasion-resistant debris bodies can withstand years of wear.

IntuiTouch 

IntuiTouch control station puts all cleaning system functions into a single, simple control panel.

2100i

SUPERIOR POWER AND PERFORMANCE

COMBO SEWER CLEANER

AVAILABLE CONFIGURATIONS

FAN

OR PD

Debris
Body

5, 10, 12, 15
CUBIC YARDS

Water
Capacity

1000, 1300, 1500
GALLONS

DESIGN	Exclusive Modul-Flex®
Air Mover	Single stage hydrostatic fan/ Roots / Dresser PD
VACUUM RATING	PD - 18 in (457 mm) Hg
INLET VOLUME	PD - 3,500 cfm
DRIVE	Chassis driven, hydrostatic drive/ Direct Drive
DRIVE COMPONENTS	Transfer case and PTO
FULLY HYDRAULIC BOOM	Proportional boom controls
PICKUP HOSE	8 in diameter
DEBRIS BODY CAPACITY	up to 15 yd ³ (11.47 m ³)
WATER TANK CAPACITY	up to 1,500 gal (5,678 L)
WATER TANK CONST.	Aluminum (10-year warranty)
WATER PUMP	Jet Rodder® / Multi-Flow
WATER DELIVERY	Standard 80 gpm at 2,500 psi
PUMP ACTION	Continuous flow or Jack Hammer®
HOSE REEL	15 in telescope, 270° rotation 800 ft x 1 in capacity (244 m x 2.5 cm)
REAR DOOR	Flat, hydraulically opening
HAND GUN SYSTEM	35 ft of hose

DRIVE	Auxiliary engine 4 cylinder
WATER TANK CAPACITY	up to 750 gal (2,839 L)
WATER TANK CONST	Polyethylene
WATER PUMP	Tri-Plex piston pump
WATER DELIVERY	Standard 40 gpm at 3,000 psi
HOSE REEL	600 ft x 3/4 in (183 m)
HAND GUN SYSTEM	25 ft x 1/2 in

OUR COMMITMENT TO QUALITY ONLY BEGINS WITH OUR EQUIPMENT

Vector Equipment is manufactured in an ISO 9001 certified, advanced industrial plant. We employ the latest technology to build the most reliable equipment, including high-precision laser cutters, robotic welding, efficient, accurate computer numerical controls, and a sophisticated powder coating system.

When you build a quality product you can back it up with a full one-year, unlimited hours warranty. Vector also backs up your investment with superior local service and support. Our goal is to keep your machine—and your entire operation—up and running.

Our equipment can be customized to your unique requirements to meet local standards and regulations by means of a broad selection of configurations, options and accessories.

Through our international dealer network, we maintain a vast inventory of spare parts and offer fast shipment to any region of the world.
